

# Wiggins Bay Foundation

Thursday, January 16, 2025

Fellow residents, the Wiggins Bay Foundation Board has made the decision to immediately suspend Summit upgrade appointments.

To date the Summit Broadband Upgrades have been proceeding with inconsistent success and Summit has not provided us with confidence that they understand the source of the problems or have a plan in place to resolve the issues.

We apologize for any inconvenience this has caused you and will continue to update you on our progress.

Sincerely,  
Wiggins Bay Foundation Board of Directors  
Gina Chilcoat  
Bill Knab  
Sue McGill  
Mo Shallcross  
Mike Snyder
